"Lives Transformed Through Christ"

"My name is Generdin Uwimana.

I was deeply addicted to alcohol. Drinking controlled my life and severely affected my family. Many nights I stayed in bars until morning, neglecting my responsibilities as a husband and father, creating constant challenges for my family. We frequently moved from one place to another, and there was little peace or hope in our home.

Although many people had shared the Gospel with me, I believed that living a genuine Christian life was impossible. Then God spoke to my heart during an outreach by [AE Rwanda](#) in December 2025. I realised my need for salvation and made the decision to accept Him as my Lord and Saviour.

10 months on, my life has been transformed. I have experienced a peace and joy that I had never known before. My family has been

restored. We now live in unity, love and harmony. Today, I actively serve in my church and share my testimony in both church and community.

Whenever I reflect on where God has brought me from, my heart is filled with gratitude. Jesus rescued me from a life of darkness, and by His grace, I am committed to following Him faithfully for the rest of my life."

The [AE Zimbabwe](#) Foxfire Team has officially begun its outreach with a commitment to sharing the Gospel of Jesus Christ through creative use of music, dance, and drama, presenting timeless biblical truths in engaging ways that connect deeply with the hearts of today's younger generation.

Their first mission in Highfield was directed toward people living with albinism, a community filled with stigma and often marginalised. 112 people were welcomed into an atmosphere of worship, joy, and acceptance. Gospel music lifted spirits; drama presentations spoke directly to issues of identity, rejection, and God's unfailing love; dance brought energy and celebration, embodying freedom in Christ. And at the centre of it all was a clear Gospel message: salvation, identity in Christ, and the assurance of God's unconditional love.

32 of those who attended accepted Jesus as their Lord and Saviour; others spoke of a renewed sense of dignity and belonging. The Zimbabwean "Foxies" are dedicated in their focus to raise and equip young people who will carry the Gospel to their generation - anytime, anywhere, and through every available means.

◆ **AE Zambia** has been working with the Office of the Vice President to develop a programme aimed at helping the nation preserve and promote its Christian heritage and values, following growing concerns:

- *In 2023 alone, more than 36,000 divorce cases were handled by the courts in Zambia.*
- *In 2025, according to their National Crimes Statistics Unit, the Zambia Police Service recorded over 5,000 cases of child sexual defilement.*
- *Drug trafficking and substance addiction continue to rise steadily among young people.*
- *Approximately 29% of adolescent girls in Zambia experience pregnancy by the age of 18.*
- *Increasing levels of littering and poor sanitation.*
- *Departure from Christian cultural norms and growing concern about pornography, child exploitation, and gender-based violence.*

AE Zambia says: "We are pleased that the Department of Religious Affairs and National Guidance under the Office of the Vice President of Zambia has affirmed that we can move forward and work with the State to implement this programme. This affirmation opens the way for us to collaborate with national television and radio platforms to effectively share and promote the Christian faith. Our next step is to develop and present the project proposal and engage partners who can support and fund the various aspects of the programme."

◆ **AE South Sudan** is finalising preparations for the Yei City Mission this month, the spirit of partnership is extending beyond churches and government to the local business community. A recent visit by the AE South Sudan Team to the Yei Chamber of Commerce highlighted the important role businesses can play in building a peaceful and prosperous community.

Chamber representatives welcomed the mission team and recognised that a thriving community depends not only on economic growth, but also on strong moral values, unity, and hope. They acknowledged that when churches, businesses, and community leaders work together, families can thrive, young people can be inspired, and local enterprises can flourish. Will you join us in prayer for the Yei City Mission from 19 to 28 October?

◆ **AE South Africa** gives thanks to God for the opportunity to reach more than 4,500 people with the Gospel during their mission to Ulundi from July 28 to August 2. Over 2,500 people made decisions to follow Christ through door-to-door outreach, clinic visits, shopping mall and street evangelism, Foxfires school visits, and other ministry opportunities.
